

Silver Knight Solutions LLC

Domain Name Examples

Consider getting domains for the following:

- Your author name
- Your (publishing) company name
- Your books title (this should wait to be purchased until your title is confirmed)

All Domains can be Searched and Secured at the **Silver Knight Web Store** <http://silverknightwebstore.com>

For our examples I'm going to use the following names for each category I listed above.

Author Name = **Jimmy Jones Johnson**

Company name = **ACME Books LLC**

Book Title = **The Day I Soared with the Birds**

Domain Recommendations

Author Name - (**consider adding the .ME**)

JimmyJonesJohnson.**COM** (This is where we'll probably build your website)

JimmyJonesJohnson.**NET** (recommended)

JimmyJonesJohnson.**ORG** (if you think you will later want to start a non-profit organization)

These are good to help protect YOU as a Brand

JimmyJonesJohnsonAuthor.**COM** (optional)

JimmyJonesJohnsonAuthor.**NET** (optional)

JimmyJonesJohnsonWriter.**COM** (optional)

JimmyJonesJohnsonWriter.**NET** (optional)

Company Name – (consider adding the .ORG)

ACMEBooksLLC.**COM**

ACMEBooksLLC.**NET**

ACMEBooksLLC.**BIZ**

The Book Title - (consider the .ORG)

TheDayISoaredwiththeBirds.**COM**

TheDayISoaredwiththeBirds.**NET**

NOTE: if any of your names could be easily misspelled then you want to cover your bases and get those misspelled domains too. For example look at the possible misspellings of the examples I used above.

Misspelled or Variations on the Domains from Above

ACMEBooks.**COM** (orig. name: ACMEBooksLLC.)

TheDayISoared.**COM** (orig. name: TheDayISoaredwiththeBirds)

TheDayISoaredwiththeEagles.**COM** (orig. name: TheDayISoaredwiththeBirds)

SoaringwiththeBirds.**COM** (orig. name: TheDayISoaredwiththeBirds)

JimmyJohnson.**COM** (orig. name: JimmyJonesJohnson)

JimJohnson.**COM** (orig. name: JimmyJonesJohnson)

When securing your Domain Names consider adding the **Privacy Protection**. This keeps your personal address, phone number, and email address hidden from the web.
